

**REMARKS**

Applicant wishes to acknowledge with appreciation the courtesy shown by the Examiner during a telephone interview on 7 October 2008. Based upon that interview, the applicant is resubmitting this Amendment for reconsideration by the Examiner.

Applicant has carefully reviewed and considered the Office Action of 23 June 2008 and notes with appreciation the formal allowance of claims 3, 10 and 11 presented in that Office Action.

In response to that Office Action the applicant now amends claims 4 and 16 in order to address the formal issues raised by the examiner. More specifically, claim 4 is amended to clearly state that the one receiver compromises at least one aperture. Claim 16 is amended to provide proper antecedent basis for at least one mounting lug.

In summary, claims 4 and 16 have been amended to remove any basis for rejection under 35 USC § 112. Accordingly, all pending claims 3, 4, 10, 11, 16 and 19-21 are now on condition for formal allowance and entry of this amendment should be made of record. Thus, the issuance of a Formal Notice of Allowance is earnestly solicited. If any questions should arise, the Examiner is respectfully requested to contact the applicant's representative by telephone in order to expedite prosecution.

Respectfully submitted,
